

M&S Armaturen GmbH

PARTNER NOT JUST SUPPLIER.

## More success with M&S products:

### M&S product innovation: The new control unit TOP09

– adaptable for all standard actuators

M&S Armaturen is always innovative and presents the control unit TOP09 as its newest product highlight. TOP09 will impress you by its performance as well as design.

#### TOP09's advantages:

- It is adaptable for all standard actuators, even a retrofitting is possible
- Adapters for third-party products are available upon request
- Faster changing of control units, down times are reduced considerably
- Easy assembly
- User-friendly connection technology
- Adjustment of proximity switches is not necessary anymore
- Visual, mechanical position indicator, thus a clearly visible flap position of the valve
- Free rotatability of the control unit
- Attractive design with a robust housing

Please convince yourself of these advantages - you are more than welcome to contact us
